

## Description:

PS Cool Heat is looking for 1-2 experienced and motivated HVAC Technician/Installers to join our team.

PS Cool Heat provides affordable, reliable, and quality HVAC services to the Greater Denver Metro Area.

## Responsibilities:

- Understanding of HVAC systems, services, and terminology
- Installing, maintaining and repairing ventilation and air conditioning systems and equipment.
- Diagnosing electrical and mechanical faults for HVAC systems.
- Cleaning, adjusting and repairing systems, and performing warranty services.
- Providing technical direction and on-the-job training as needed.

## Requirements:

- 2+ Years of experience working in Residential HVAC Installation and Service
- Understanding of advanced principles of air conditioning, heating, and IAQ.
- Proficient in reading schematics.
- Ability to work on-call as needed.
- Ability to work in confined spaces.
- EPA Type II or EPA Universal License
- Clean driving record (last 5 years) and a Colorado Driver's License
- Electrician License (Recommended)

Job Type: Full-time

Salary: Starting from \$40 /hr

## Benefits:

- Employee discount
- Medical/Dental/Vision and Accidental insurance
- Paid time off

Schedule:

- Monday - Friday 7:30am - 5pm
- On-Call Service: Sat/Sun

Work Location: Office/Field
